Educational Block Resource Centres (EBRCs) are crucial to the education system. They are established to provide academic and administrative support to schools in a particular block. The EBRCs are vital in strengthening the educational infrastructure, including teachers' professional development, curriculum development, resource utilization, evaluation and pedagogical practices. The personnel in the EBRCs are also required to monitor schools' progress under their jurisdiction to provide timely feedback to the authorities concerned for corrective follow up action in order to identify the strengths and weaknesses of schools. Therefore, it is essential for the EBRCs to be equipped with **trained, qualified and committed teachers/personnel** to provide the necessary support to the schools under their block.

In this context, applications are invited from **regular/mainstreamed in-service teachers (GT/PT) possessing M.A with B.Ed** to serve as Trainer of Teachers (ToTs) at various EBRCs in the state. Candidates who have submitted applications to the State Mission Office are required to re-submit their particulars through the website.

Interested candidates may login to www.samagra.nagaland.gov.in for further details.

Last date for submission of forms is **12th February 2024**.
